son was called a knave and fool, and his administration denounced as weak and worse than weak: subversive of liberty and the rights of man. By whom? By those who were for a government over the people,—minority rule, or disappointed ambitionists, who, like Cataline, would sacrifice their country to the love of power.—With these facts before us, can it be reasonably expected that the present administration should pass without opposition?

BUSILN BSS

F every description will be attended to by the undersigned; he will attend to calls from those who may call on him, at their plantations or mills?

Call on him, at their plantations or mills?

A line addressed to him to Silver Creek P. O., will be attended to, or he can be pass without opposition? pass without opposition?

Many have said that the late, as well as the

present administration, would not answer; most of whom have neither time nor inclination to in- ries on the above business of whom have netter time nor inclination to investigate the truth of this—being engaged in hunting proof to show that they were right in making the prediction

Until the inventive powers of the human mind

Until the inventive powers of the human mind shall contrive some way by which every appirant to office can have the one he wants, opposition may be expected. Union and education, rendered effective by a free press in America, have cnabled the people as a nation, to not only crush foreign tyranny, but to support themselves a "gainst internal factions, not less inimical to their peace and prosperity. Union gave harmony to feeling; response to sentiment; and sameness to action. Education gave the right direction to the combined energies, and taught the people to the combined energies, and taught the people to know and value their rights—the blessings of popular government. The press was the conductor by which an equilibrium was produced and maintained through all the press.

Indulgence, and adopt the rule of other or fices—cash on delivery—no credit in full ture to those who are not punctual.
